

Viewer License Agreement

You Must Read This License Agreement Before Proceeding.

This Scroll Wrap License is the Equivalent of a Shrink Wrap ⇒ Click License,
A Non-Disclosure Agreement that Creates a “Cone of Silence”.

By viewing this Document you **Permanently Release All Rights** that would allow you to restrict the **Royalty Free Use** by anyone implementing in Tools, Product and/or other Methods in whole or in part what is Defined and Originates here in this Document. This Agreement particularly **Enjoins** the viewer from: Filing any **Patents** (À La Submarine?) on said **Technology & Claims** and/or the use of any **Restrictive Instrument** that prevents anyone from using said **Technology & Claims** Royalty Free and without any Restrictions. This also applies to registering any **Trademarks** including but not limited to those being marked with “™” that Originate within this Document. **Trademarks** and **Intellectual Property** that Originate here belong to the **Author** of this Document unless otherwise noted. Transferring said **Technology** and/or **Claims** defined here without this Agreement to another Entity for the purpose of but not limited to allowing that Entity to circumvent this Agreement is Forbidden and will NOT release the Entity or the Transfer-er from Liability. Failure to Comply with this Agreement is **NOT** an Option if access to this content is desired. This Document contains **Technology & Claims** that are a **Trade Secret: Proprietary & Confidential** and that cannot be transferred to another Entity without that Entity agreeing to this “Non-Disclosure Cone of Silence” **V.L.A.** Wrapper. Combining **Other Technology** with said **Technology** and/or **Claims** by Entity is an acknowledgment that the Entity is automatically placing **Other Technology** under the Licenses listed below making this License Self-Enforcing under an agreement of Confidentiality protected by this Wrapper.

The contents of/and this Document are released under the following licenses so long as this Agreement remains attached to any and all files, papers, etc... that contain any said **Technology** and/or **Claims**. Any Product manufactured with said **Technology** and/or **Claims** must contain a brief message on packaging, e.g. “This Product contains Technology and/or Claims that are Licensed for Unrestricted and Royalty Free Use. Any knowledge gained by viewing this product may not be used to file any patents, employ any restrictions, or interfere with the manufacture, sale and use of this product”.

This Document is licensed under [Creative Commons \(CC BY–NC–ND 4.0\)](#) so long as this V.L.A. remains attached to the contents of this document. It may be re-distributed and hosted anywhere. The use of this technology requires **Attribution** (BY) associated with the size labeling, Package Labeling: “**eXp#™** Size Scaling by J. S. Gilstrap” & Product Labeling: “**eXp#™** by **JSG™**”. Commercial research OK during **R.F.C.** Non-Commercial restrictions will be lifted once the standard has become static and well defined. **ND:** No Derivative Works, will remain in effect to control the standard. Joining the **PAL** program (**Pay A License**) will forgo **Attribution** (BY) labeling.

Scrolling past this page is **The Point of No Return** and Acknowledges that You have Agreed to the Terms above. If you are Unable or Unwilling to Agree to these Terms then Close this Document.
